

UI/UX Project Documentation

Project Title- Simple Bakery Landing Page

Project Overview

This project is a modern and responsive bakery landing page designed in Figma. The main objective is to provide users with an attractive interface to explore bakery products, view featured cakes, and place orders easily. The design focuses on smooth navigation, interactive elements, and an engaging user experience.

Project Goal

- Create a visually appealing landing page.
- Improve user experience with a clean layout.
- Highlight featured bakery products.
- Encourage users to order through clear call-to-action buttons.

Target Audience

- Cake lovers
- Birthday and celebration customers
- Families
- Online bakery shoppers

Design Tool – Figma

Design Process

1. User Research
2. Wireframe Creation
3. High-Fidelity UI Design
4. Prototype
5. Final Design Review

Color Palette

- Primary Color: Soft Brown (#A67B5B)
- Accent Color: Antique Gold(#C9A227)
- Background Color: Cream Beige(#D6C1B1)
- Text Color: Black(#000000) and white(#FFFFFF)

Typography

- Heading Font: Playfair Display
- Body Font: Open Sans
- Subheading: Semi Bold
- Body Text: Regular
- Button Text: Extrabold

Components Used

- Header with Logo
- Search Bar
- Navigation Menu (Home, About, Menu, Contact Us, Login)
- Hero Section
- Cake Cards
- Category Cards
- Wishlist Icon
- Cart Icon
- Order Now Button
- Login Form
- Sign Up Form
- Forgot Password Page
- Footer

Images and Icons

High-quality bakery and cake images were used to create an attractive and professional interface. Icons such as Search, Wishlist (Heart), Cart, and Password Visibility (Eye) were included to improve usability.

Prototype Features

- Clickable navigation menu
- Smooth scrolling between sections
- Auto-sliding hero banner
- Horizontal scrolling for cake collections
- Interactive buttons with visual feedback
- Wishlist and Cart icon animations
- Navigation between Login, Sign Up, and Forgot Password pages

User Experience Features

- Clean and simple interface
- Easy navigation
- Consistent color scheme
- Proper spacing and alignment
- Attractive visual hierarchy
- Interactive micro-animations for icons and buttons

Design Interactions

- The Home, Menu, About, and Contact Us menu items smoothly scroll to their respective sections on the landing page.
- Clicking Login opens a separate login page.

- The Login page includes Email/Username, Password, Password Visibility (Eye) icon, Interactive Check box, Login button, Sign Up option, and Forgot Password option.
- The Sign Up button opens the registration page.
- The Forgot Password option opens a password reset page where users can create and confirm a new password before returning to the Login page.
- Hero section images automatically change after a few seconds using an auto-slide effect.
- Cake collections support horizontal scrolling.
- Clicking the Wishlist (Heart) icon changes it to red.
- Clicking the Cart icon changes its color to indicate selection.
- The Order Now button changes to a lighter shade when clicked, providing visual feedback.
- Each cake card displays the product image, price, rating, and an Order Now button.
- An additional cake gallery allows users to click and view more cake images interactively.

Footer

The footer contains the copyright information displayed at the bottom of the page.
